

Angelic Spa/Color Healing Treatment

I am setting the intent that everything in this guided meditation is aligned with highest good of all and supports the spiritual evolution of each being with ease and grace. I am setting the intent that all energies exchanged between you and me will be love and only love and that nothing from our mental bodies or personality self/selves or ego or shadow side will enter into this recording or impact the transmission of the healing and enlightenment energies encoded on this recording. Also I ask that you not listen to this guided recording while you are driving or doing something that requires an active mental state of consciousness.
